

snow & ice management association

In order to help you prepare for the CSP exam, SIMA is proud to present 6 study modules corresponding to each test section (Business, HR, Marketing, Sub-Contractors, Snow & Ice Science and Snow & Ice Op. and Tech) in addition to NEW recorded study presentations. **Available in both US and Canadian Versions!**

Module 1: Business

Covers all aspects of a successful snow and ice management business, including finance, business law, ethics, and management functions.

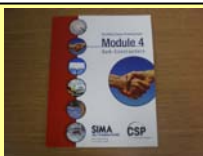

Module 2: Human Resources

Covers HR issues in snow and ice management, including staffing and training, Risk Management, and organizational structures.

Module 3: Marketing

Covers how to market business and services, including advertising and promotion, market research, PR, and managing a sales team.

Module 4: Sub-Contractors

Covers hiring and working with sub-contractors, including advantages and disadvantages, basic guidelines, and laws and regulations.

Module 5: Snow & Ice Science

Covers the scientific knowledge behind snow and ice removal, including basic properties of snow and ice, types of precipitation, and the use of chemicals.

Module 6: Snow & Ice Operations and Techniques

Covers the operations and techniques behind snow and ice removal, including what to do before, after, and during an event and descriptions of equipment and its correct usage.

Set of all 6 Modules

Order all 6 modules at once and save! All of the CSP exam questions are taken directly from the modules. Available in both US and Canadian versions.

Set of all 6 Modules & Recorded Study Presentations

Set of 6 written study modules, plus recorded study presentations for each section, which review important facts, definitions, and study questions in webinar style recordings using PowerPoint.
