

# 3rd Annual New Hampshire Salt Symposium

Concord, NH ~ September 13, 2016

## Agenda

**7:30 Registration & Vendor Exhibits**

**8:30 Opening Remarks:** *Ted Diers, Watershed Management Bureau Administrator, NH Department of Environmental Services*

Ted will provide an overview on the winter of 2015-2016, and an update on the NHDES Salt Reduction Program.

**9:00 Technical Talk:** *Carl Huddleston, Trooper First Class, NH Department of Safety*

Carl will review safe truck and trailer operations to help ensure your company operations are compliant with state police regulations.

**9:45 Break:** Networking, Vendor Exhibits and Refreshments

**10:00 Concurrent Sessions**

### **Track I: State and Municipal Sector**

*Caleb Dobbins, State Highway Maintenance Engineer,  
NH Department of Transportation*

Caleb will explain NHDOT's approach to salt use and salt use reduction technologies and practices.

### **Track II: Private Sector**

*Carl Braley, Assistant Airport Director,  
Manchester-Boston Regional Airport*

Carl will provide insight into how snow management operations are performed at Manchester-Boston Regional Airport.

**11:00 Break:** Networking, Vendor Exhibits and Refreshments

**11:15 Keynote Speaker:** *Raqib Omer, CEO, Viaesys, Inc.*

Raqib will follow up his presentation from the first NH Salt Symposium on salt reduction through the use of GPS technologies, and provide results to date on his research into salt reduction.

**12:00 Lunch and Awards**

**1:00 Featured Speaker:** *Kevin Skarupa, Meteorologist, WMUR 9*

Kevin will speak on the driving factors that affect New Hampshire weather and the extreme weather pattern we have experienced over the past ten years.

**2:00 Vendor Exhibits and Outdoor Demonstrations**
